

# All Kids Pediatric Dentistry

Nancy C. Grant, D.D.S., P.C. • Board Certified Pediatric Dentist

April 14, 2015

My Beloved Patients,

0450 Park Meadows Drive

Suite 308

One Tree, CO 80124

303.793.0899

It has been an amazing 14 years and I'm sad to officially notify you of my retirement. Due to my health, the last couple of years have been difficult but my patients have given me strength, inspiration and joy. I have loved getting to know you, watching my patients grow and providing you and your families with the best dental service. My patients are extremely important to me. Because of this, I have spent a significant amount of time getting to know each of the countless pediatric dentists who expressed interest in purchasing my practice. It is extraordinarily important that I find a pediatric dentist who has a warm and genuine personality. Furthermore, this person must be skilled, intelligent and compassionate in order for me to feel comfortable transitioning the dental care of my cherished patients to him.

Dr. Nicholas Miner was the clear choice after this long and deliberate process. He is polished, passionate and has received excellent training to provide world-class care for all of you. Dr. Miner is currently finishing his pediatric dental residency at Boston University. After Boston's blistering winter, Dr. Miner, his wife and 15-month-old son are looking forward to moving back to Denver. Prior to Dr. Miner's acceptance to BU, he practiced as a general dentist in Denver and completed a residency in general dentistry. During his training and practice, Dr. Miner treated many pediatric patients and realized that his true passion is improving the oral health of children. I have been lucky to work alongside Dr. Miner in our office. For those of you who have met him, I'm sure you noticed his charisma, positive energy, patience and out-going personality. These characteristics reassured me that I could not have selected a better and more well-rounded pediatric dentist to protect my legacy.

Dr. Miner will be joining the team in early July and will be accepting all the same insurance plans. To ensure the transition is seamless and to introduce you to Dr. Miner, I will be in the office until the end of August. After that I will embark on the next chapter of my life in South Carolina. I will truly miss Denver, the mountains, the spontaneous weather, my practice, my hardworking staff and most of all my patients.

Rest assured that I am healthy and capable of providing the same quality dental care as I have been for the past 14 years. Thank you for trusting me to care for your families over the years and thank you for giving me such purpose. My career would not have been as rewarding without you.

All The Best,

Dr. Nancy Grant
